

KONICA MINOLTA

magicolor 1600W

Personal colour laser printer

magicolor 

Personal colour just for you

Have you ever thought of colour printing for your personal projects? With the magicolor 1600W, what are you waiting for! Konica Minolta's new personal colour printer is the perfect choice for your home office. Whether you use it every day or once in a while, it is always ready to print, providing the advantage of attractive low colour printing costs. Its chic design and compact build make the magicolor 1600W an attractive addition to even the smallest workspace. Thanks to its low acoustic noise you can comfortably work side by side with your magicolor 1600W.

Basic Features

- Memory: 16 MB standard
- Warm-up time: Average 30 seconds
- Print Speed: 20 ppm mono, 5 ppm colour
- Standard Interface: USB 2.0

- Dimensions: 396 mm x 380 mm x 275 mm
- Warranty: 1-year on-site

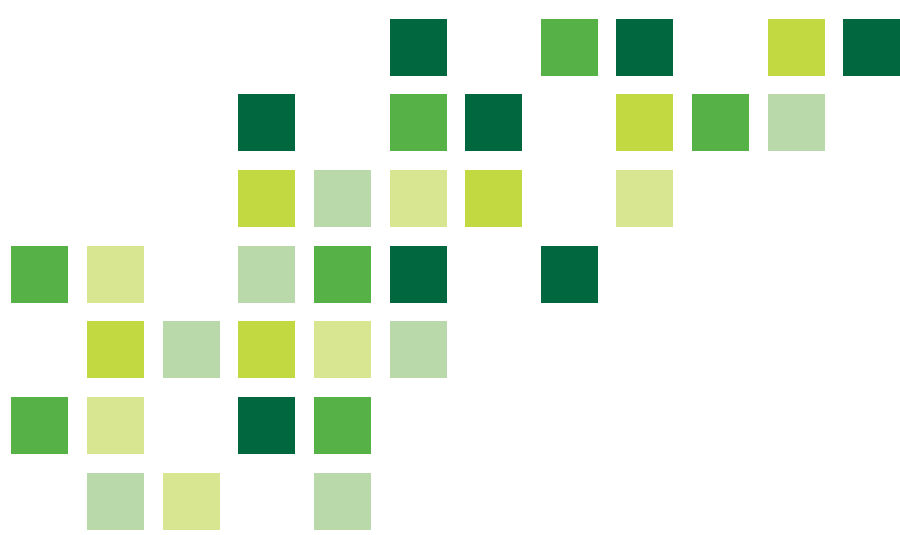

Enjoy ease of use

Printing with the magicolor 1600W really is easy! All you need to do is take it out of its box and get started – it literally is as simple as that! Operation is easy and intuitive via the clearly arranged operator panel with LED display and the self-explanatory buttons. The magicolor 1600W features convenient printer access from the front and impresses with its straightforward exchange of consumables. You will love its easy usability!

Adopt quality

The magicolor 1600W gives you perfect prints every time. Its high-quality Simitri® HD toner ensures a brilliant overall print quality by providing clarity and definition to the tiniest detail. Another merit of Simitri® HD is its increased resistance to UV light, producing impressively long-lasting prints.

Benefit from flexibility

Save time and money by producing a variety of documents on your personal colour printer. With the magicolor 1600W you can print what you like at home – your photos, stationery, envelopes, own business cards, colourful presentations and more! Create special effects with the poster function, blowing up photos on 4, 9, 16 or up to 25 A4 sheets. And for downsizing, the n-up function lets you combine between 2 up to 16 pages on a single sheet! The magicolor 1600W processes not only paper sizes A5 to A4 and paper weights between 60 and 209 gsm but also a wide range of media types, including recycled paper, postcards, labels, envelopes and thick paper.

Show you care

With the magicolor 1600W you can be sure of eco-friendly operation. With Simitri® HD toner the printer's fusing temperature is much lower, saving up to 15% energy. Emissions of CO₂, NO₂ and SO₂ during production of this polymerised toner are 40% lower than for conventional pulverised toners. The toner cartridges are covered by Konica Minolta's Cartridges for Planet Ark – this is completely free of charge and ensures that up to 99% of the cartridge is recycled.

1-year on-site warranty

Simitri HD
High Definition Polymerised Toner

- All specifications relating to paper capacity refer to A4-size paper of 80 gsm quality.
- All specifications relating to printing speeds refer to A4-size paper that is printed in multipage, simplex mode.
- The support and availability of the listed specifications and functionalities varies depending on operating systems, applications, network protocols as well as network and system configurations.
- The stated life expectancy of each consumable is based on specific operating conditions such as page coverage for a particular page size (5% coverage of A4). The actual consumables life will vary depending on the use and other printing variables including page coverage, page size, media type, continuous or intermittent printing, ambient temperature and humidity.
- Some of the product illustrations contain optional accessories.
- Specifications and accessories are based on the information available at the time of printing, and are subject to change without notice.
- Konica Minolta does not warrant that any prices or specifications mentioned will be error-free.
- Microsoft, Windows and the Windows logo are trademarks, or registered trademarks, of Microsoft Corporation in the United States and/or other countries.
- All other brand and product names may be registered trademarks or trademarks of their respective holders and are hereby acknowledged.
