Compact and connected
colour performance

bizhub

Quality, versatility and speed
in a stylish compact device

As businesses move away from larger printers and look for more compact devices, they are expecting greater versatility from their A4 printing and all-in-one devices. The bizhub C3110 and C3100P offer fast print speeds and high quality colour output for workgroups and small businesses. With their stylish, compact dimensions they are also ideal for executives requiring a personal printer.

The bizhub C3110 is a powerful all-in-one printer with optional fax that can capture and share data in a range of digital formats, making it ideal for highly networked environments. The bizhub C3100P is a compact colour printer. Their speed and print quality means they can easily be used to complement a large A3 multifunction printer.

*bizhub C3110

Brilliant colour and fast speeds

For offices where dependable quality is essential, the bizhub C3110 and C3100P deliver consistently sharp, brilliant colour at 600 x 600 dpi. Both are capable of high speeds, with A4 document output of 31 ppm. Standard total paper capacity is 350 sheets with 250 sheets through the Tray 1 paper cassette and an additional 100 sheets through the manual bypass tray. For greater productivity an additional 500 sheet paper feed unit can be added. A duplex unit is included as standard. Despite their compact desktop footprint, these productive performers are ready whenever you are with a quick First Copy Out Time of less than 13 seconds.

Naturally, as with all of our bizhub models, Konica Minolta's reputation for reliability is incorporated from the ground up. This combination of reliability, vivid image reproduction and fast speed make the bizhub C3110 and C3100P natural choices for businesses and workgroups needing to make an impact with A4 colour documents and reports.

Advanced connectivity and compatibility

In many businesses there has been a shift away from paper to electronic documentation. This is where the bizhub C3110 comes into its own, with advanced scanning capability. At the press of a button, or from a connected computer, the bizhub C3110 can quickly convert large multi-page documents to a wide range of file formats. These include PDF, Compact PDF, TIFF, jpeg and XPS formats. The bizhub C3110 can also scan to hard disk, email, FTP and direct to USB.

For high-speed networking, gigabit ethernet is included as standard. A range of options are available including a secure print authentication unit, additional 1GB of memory*, and a Fax Kit*. With this range of standard and optional features, the bizhub C3110 and C3100P can be tailored to the needs of the most demanding workplaces.

More than ever, businesses and workplaces have a requirement for printing from smartphones or mobile tablet devices. This has never been easier with the bizhub C3110 and C3100P, thanks to PageScope Mobile – a versatile and user-friendly Konica Minolta application which enables you to print documents in seconds from your mobile device. Furthermore, the bizhub C3110 all-in-one includes the capability to scan and view your documents via a mobile device.

Energy efficient and environmentally friendly

As with all Konica Minolta devices, the bizhub C3110 and C3100P are designed with the environment in mind. They have low typical energy consumption (TEC) values and use less energy than their predecessors and comply with global standards for ENERGY STAR rating. In sleep mode, they use just 3 Watts or less.

The bizhub C3110 and C3100P also feature our proprietary Simitri HD carbon neutral toners, made from biomass materials. These plant-based toners contribute to energy savings by fusing the toner to the page at a lower temperature and are designed to reduce the amount of toner required to produce high quality images. With these devices, businesses can feel confident in achieving their environmental targets, reducing carbon emissions and minimising environmental impact.

Technical specifications.

General Specifications	bizhub C3110	bizhub C3100P
Type	Desktop Printer / Copier / Scanner	Desktop Printer
Print Method	Electrophotographic Laser	
Print / Copy Speed	Full Colour / B&W: 31 ppm	
Maximum Monthly Duty Cycle (pages)	20,000	

Copy		
Warm-up Time / First Copy Time	Less than 36 sec. / Less than 15 sec.	Less than 36 sec. / Less than 12.9 sec.
Copy Resolution / Copy Quantity	600 x 600 dpi / 1-999	
Copy Features	Inch and Metric (A, B) system, Manual Duplex, Duplex Copy, Sort Copy, 2in1 copy, 4in1 copy, Flatbed N in 1, ID Card Copy, Repeat, Poster, Colour Mode: Colour Selection (Colour start and monochrome start button), Media Selection (Thick 1/2, Recycle, Label, Letter head, Coated 1/2, Non-Duplex, Special, Envelope), Magnification selections (preset zoom / Manual), Simplex Selections (Simplex to simplex, simplex to duplex, duplex to simplex, duplex to duplex), Basic Setting Finishing (Sort/Group), Combined Copy Settings (2in1 / 4in1), Colour Adjustment (Sharpness; 5 steps), Electronic Counter (Total / Black / Full Colour)	

Print – Emperon Print System

Processor / Memory / Hard Disk Drive	MV78230 1.066GHz / 1GB RAM / Optional 320 GB HDD (shared print, copy, scan and fax memory)	
Print Resolution	600 x 600 dpi, up to max. 1200 x 1200 dpi	
Interface	Ethernet 10Base-T/100Base-TX /1000Base-T USB1.1, USB2.0, USB Host	
Page Description Language / Printer Fonts	PCL5e/c Emulation, PCL6 (XL Ver.3.0) Emulation, PostScript 3, (3016) Emulation , XPS (Ver.1.0)*, PPML/GA2.2*, PPML VDX*, Open XPS*, PDF 1.7*	
Operating System Compatibility	Windows Vista / Vista 64bit / 7 / 8 / Server 2008 / Server 2008 64bit / Server 2012 MacOS X 10.2 / X 10.3 / X 10.4 / X 10.5 / X 10.6 / X 10.7 / X 10.8 Linux	
Network Protocols	TCP/IP, SMB, IPP1.1, SNMP	
Sound Emission	**Less than 55dB in print mode**	**Less than 55.4dB in print mode**

*With HDD installed

Colour Scan (only for bizhub C3110)

Scan Speed	Colour / B&W: 30 opm
Scan Resolution	200dpi x 200dpi, 300dpi x 300dpi, 400dpi x 400dpi, 600dpi x 600dpi
