

KONICA MINOLTA

bizhub 25e

Power up your desktop printing

bizhub 

More print and scan power to **speed up your workflow**

The bizhub 25e is a true business professional that out-performs conventional “all-in-one” devices, bringing productivity and performance to your desktop. It’s a solution that saves energy, simplifies your workflow and provides monochrome print/copy output at up to 25 ppm, with expandable paper capacity so you can work longer with less reloading. A standard 80-sheet duplexing automatic document feeder allows you to efficiently print, copy, scan and distribute information. Intelligent fax capability with 1,030 broadcast stations and 1,000 speed dials gives you all-in-one productivity you can rely upon. And toner capacity of up to 20,000 sheets lowers your cost of ownership – so you’ll have speed, performance and reliability you can depend on.

High-quality, cost-effective B&W prints and copies

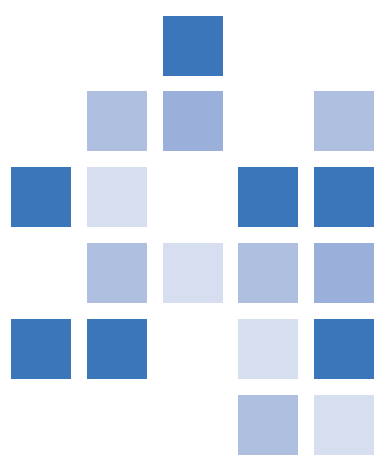

To accommodate multi-platform workflow, the bizhub 25e comes standard with PCL5e/XL and offers print options for PostScript 3, barcode printing and PDF direct print. And full MFP functionality includes productivity features you’d expect to find only on full-size MFPs.

A small footprint fits more document power in less space. Print resolution of 600 × 600 dpi creates monochrome documents with superior detail, consistent toner coverage in solid fills, and clean, crisp text even against toned backgrounds. You can print on paper up to 216 × 279 mm and 216 × 356 mm, the sizes you use most often – with auto duplex to help you save paper by quickly and easily producing 2-sided copies and prints.

Operation is simple, with the convenience of a 5.8" touch-screen and intuitive, user-friendly menus. A unique “My MFP” mode brings commonly used features together on a single screen that can be customised for individual users. Personal address books can also be customised. You can print directly from or scan to a USB thumb drive, with convenient front-panel input. Or you can choose the wireless printing option for total convenience.

A standard 500-sheet tray allows you to load a whole ream of paper. A 100-sheet bypass tray supports special papers, including letterhead and heavy paper stock. Add up to three optional trays, and maximum paper capacity rises to 2,100 sheets for long unattended print/copy runs.

Colour scanning and intelligent fax to share information

In addition to print/copy output up to 25 ppm, the bizhub 25e expands your productivity with fast colour scanning to multiple destinations. You can scan to network printers, email addresses, FTP locations, PC Folders and USB flash drives. A standard 80-sheet duplexing automatic document feeder saves time when you're scanning long documents.

The bizhub 25e is also a high-speed fax, with advanced facsimile functions like group addressing, broadcast sending and PC faxing to distribute information with greater ease. An optional output tray can be attached to the right side of the machine and used to separate output – print jobs in one tray, fax output in another so you'll never lose a fax again.

Security to protect data, recycling to protect the environment

In the digital networked era, security precautions are essential – and the bizhub 25e gives you more ways to protect documents and devices, including password login with active directory support, secure fax reception and secure printing (requiring a control-panel password before printing), and automatic fax routing to secure PC folders. You can also send scanned documents as secure PDFs that require a password before files can be opened.

Nobody protects your data like Konica Minolta – and no company goes further in protecting the environment. The bizhub 25e provides low power consumption and energy-saving operating modes.

Technical specifications

General Specifications

Type	Printer / Copier / Fax / Full-Colour Scanner with Stationary Platen
Toner System / Print Method	Crushed Toner / Electrophotographic Laser
Print / Copy Speed	25 ppm (letter, portrait)
Monthly Duty Cycle*	50,000 Pages

Copy

Display	5.8" backlit touch screen display (QVGA 320 dots × 240 dots)
DADF	Up to 80 originals
Warm-up Time / First Copy Time	Approx. 12 seconds / 6.0 seconds (platen), 12 seconds (DADF)
Copy Resolution / Multiple Copies	600 × 600 dpi / 1-99
Copy Features	Duplex (1-sided 2-sided, 2-sided 2-sided), Electronic Sort, ID Card Copy, Combine (2-in-1, 4-in-1), Mixed Original, Document Type (Text, Auto, Photo, Background), Contrast Adjustment +/-5, Enlarge/Reduce [Auto, Preset, Custom (25-400% platen, 25-100% DADF)]

Print

Processor / Memory	364MHz, 32-bit RISC / 512MB (shared print, copy, scan and fax)
Print Resolution / Grayscale Gradation	600 × 600 dpi / 256 Gradations
Interface	Fast Ethernet 10 Base-T/100 Base-TX, Hi-speed USB 2.0, USB Host Port
Page Description Language / Fonts	GDI, PCL 5e/PCL XL, XPS / PCL: 80 fonts
Optional Page Description Language / Fonts	Postscript 3, PDF Direct Printing, Barcode Printing / PostScript 3: 136 fonts, Barcode: 32 fonts
Print Features	Scaling (Fit to Paper, Enlarge/Reduce 25-400% in 1% increments), Custom Paper, Cover Sheet, Combine (2-Up, 4-Up, 8-Up), Watermark, Duplex/Booklet, Binding Offset, Toner Save Mode, Print Density, True Type Font Printing, Electronic Sort, Secure Printing, InfoMonitor, PDF Direct Print (optional)

Colour Scan

Scan Speed / Resolution	Full Colour: Up to 27 opm; Monochrome: Up to 40 opm (speeds vary based on resolution and data size) / Up to 600 × 600 dpi
Colour Depth	24-bit
Document Size	DADF: 120 - 216 mm (W) × 100 - 900 mm (L)
Scan File Formats	Colour: JPEG, PDF, Secure PDF; Monochrome: TIFF, PDF, Secure PDF
Scan Features	Colour Scanning, Scan-to-Email, Scan-to-SMB, Scan-to-FTP, Scan-to-User, Scan-to-Box, Scan-to-USB, DocIndex (MetaData Attachment), Network TWAIN Box, Broadcast, Batch Scan, Email Subject, Next Document, Document Type (Text, Auto, Photo), Colour Adjustment, Contrast Adjustment +/-5, Enlarge/Reduce [Auto, Preset, Custom (25-400% platen, 25-100% ADF)]

Fax

Fax Transmission Speed / Resolution	33.6 Kbps Super G3 / Up to 400 dpi
Compression	MH/MR/MMR/JBIG
Fax Features	Resolution, Contrast Adjustment +/-5, Redial, Monitor, Speed-Dial (1,000 stations), AutoDist. Group Tx, Auto Rx, Security Rx, TTI, Cover Page, Tx Report, File Format, Scan Size, Next Doc., Polling, F-Polling, Polling Doc., F-Code Tx, F-Code Doc., Closed Tx., ID Check, Memory Tx, Dialing Options, Broadcast, Mail Address, Mail History, Email Subject, Batch Tx, CheckMail, Delayed Tx, E Gateway, PC Fax

Media Handling

Paper Sizes	Paper tray: Letter, Half-Letter, Legal; Bypass tray: Letter, Half-Letter, Legal, Executive, A6, A5, A4, F4, DL, COM#10, Monarch, Postcard, OHP film; Custom paper: 90 - 216 mm (W) × 140 - 356 mm (L)
Paper Storage Capacity	Paper trays: 500 sheets (60 - 90 gsm)
Paper Weight	Paper trays: 60 - 90 gsm; Bypass tray: 60 - 160 gsm; Duplex: 60 - 128 gsm
Paper Output	250-sheet face-down output tray
Maximum Paper Capacity	2,100 sheets (total, with options)

Operating System Compatibility

Windows	Windows Server 2003, 2008, 2008 R2, 2012 / Windows XP, Vista, Windows 7, 8
Other	Unix, Citrix, SAP, AS/400
Mac	Mac OS X 10.2 or greater
Linux	RedHat, Fedora, SUSE

Security

Security Functions	Secure Print, Security Rx, Function Protect Settings, Network User Authentication, IP Address Filtering, MAC Address Filtering, Secure Sockets Layer (SSL), SNMPv3
--------------------	--

Consumables

Toner	up to 20,000 pages
Drum Lifetime	up to 42,000 pages

Power & Dimensions

Power Requirements	120VAC ±10%, 50/60Hz
Consumption	Less than 1,000 W - TEC Value 1.4 kWh
Dimensions (W × D × H) / Weight	520 × 513 × 509 mm / 24.1 kg

Options

Available Options	Paper Feed tray (500-sheet), PostScript 3 Enabler, PostScript 3 Memory Expansion, Barcode Printing, PostScript 3/Barcode Printing, Message Board Memory Expansion, Paper Cabinets.
