SDD 2-Side Trimmer

The BLT0202 2-Side Trimmer is a cost effective full-bleed solution from SDD for Konica Minolta printers. In combination with the optional SFM0704 SquareFold Module it is possible to produce professional full-bleed, flat booklets with a very small footprint for the environment.

The 2-Side Trimmer can be easily set-up through the digital display. The side trim can be adjusted quickly and with precision. Various jobs can be saved in the memory.

Specially design for high reliability, the BLT0202 can run long production cycles without the need for operator intervention.

Quality and innovation for booklets

**Professional
full-bleed booklets**

**Reliable
Robust design
Top-bottom trim
Easy to use**

Finishing
POWER

The BLT0202 works in-line with Konica Minolta production printers to create a complete full-bleed printing and booklet making system that is perfect for a wide range of on-demand applications. Reports, brochures, manuals, policy documents and more can be quickly printed and finished in one streamlined operation without the need for additional handling or finishing steps in-between.

Synergy...

SDD BLT0202 2-Side Trimmer in-line with Konica Minolta bizhub press C8000 with standard SDD Belt Stacker and optional SDD SquareFold Module

Compatibility

Requires connection to SD-501 or SD-506
Konica Minolta Booklet Stitching Finishing Option.

Digital Colour Production:
bizhub C6500 and C6501
bizhub PRESS C6000/C7000/C8000
Océ CS665 (with Koncia Minolta SD-501 or SD-506)

Digital Black&White Production:
bizhub 1050 and 1051, bizhub 1200

Finishing
POWER

For in-line use with Konica Minolta production printers with SD-501/506 Booklet Stitching Finisher.

Konica Minolta bizhub PRESS C8000

Infeed:
SD-501/506 Booklet Stitching Finisher

Outfeed:
SDD Belt Stacker (standard)
SDD Long Belt Stacker (on request)
SDD SFM0704 SquareFold Module (optional)
