Outstanding speed and
seamless integration into existing MFP networks

High speed printing

No one wants to wait around for their work to finish printing. Outputting 47 ppm and 40 ppm respectively when printing or copying on A4 size paper, bizhub 4752 and 4052 are designed to boost your efficiency. Pick up your first page in under 8.5 seconds.
Compact design & no need for extra wires

Some spaces just aren't large enough for a full size MFP. With a footprint of only around 0.25 m², these compact bizhub MFPs are small enough to keep on your desktop or in any convenient space while still offering a wide range of great features. They are also ideal as sub machines in a larger network of MFPs, and wireless capability makes it possible to install them wherever is convenient for you, without the need to install extra LAN wiring.
