

# HP Latex 700 W Printer

Win high-value jobs, equipped with white ink, and sharpen your sustainability edge with HP Latex

## Access white and produce the highest value jobs

- Extend your portfolio into high-margin stickers and window graphics with the whitest white.<sup>1</sup>
- Print white without complexity—automatic recirculation and printhead cleaning reduce manual purging.
- Deliver vivid colors at high speed, get striking contrast using pure blacks, and expect sharp 4-point text.
- Choose from a wide application range covering banners/textiles/poster paper, canvas, wallpaper, and vinyl.

## Beat your deadlines with smart, efficient printing

- Fast saturated color up to 31 m<sup>2</sup>/hr outdoor, 21 m<sup>2</sup>/hr indoor.<sup>2</sup>
- Control print operations virtually anytime, anywhere with HP PrintOS tools, and grow with HP Learn trainings.
- Work fast processing reprints and multi-copy jobs with a smart front panel, and store up to 100 jobs.
- Enjoy fast and easy spindle-less loading and media access for rolls up to 121 lb (55 kg).

## Sharpen your sustainability edge with HP Latex

- Innovative water-based HP Latex Inks—no HAPs<sup>3</sup>, no required hazard warning labels, and odorless prints.<sup>4</sup>
- Zero landfill—local outer carton recycling, free take-back of inner ink bag/printhead, HP Planet Partners.<sup>5</sup>
- Choose from a wide range of compatible eco-conscious media.<sup>6</sup>
- HP Latex prints are recyclable, returnable, or non-hazardous and safe for disposal.<sup>7</sup>

Join the community, find tools, and talk to experts. Visit the HP Latex Knowledge Center at <https://hpllatexknowledgecenter.com/>

Dynamic security enabled printer. Contains technology that may prevent cartridges with non-HP chips or circuitry from working now or in the future. More at: <http://www.hp.com/learn/ds>

<sup>1</sup> Whitest white based on ISO/DIS 23498 compared to competitive alternatives using solvent and UV technologies under \$50,000 USD as of May, 2020. Test performed on black opaque self-adhesive vinyl (L\*:4.16 – a:0.48 – b:2.34) with 160% UF printmode using HP 832 1-liter White Latex Ink Cartridge. Visual opacity = 91%.

<sup>2</sup> Outdoor mode (Banner) 4-pass, 100%. Indoor mode (SAV) 6-pass, 100%. Based on internal HP testing in September 2020 on Avery 3001. Print speed may vary due to the adaptive printing mechanism to avoid image quality defects.

<sup>3</sup> HP Latex Inks were tested for Hazardous Air Pollutants, as defined in the Clean Air Act, per U.S. Environmental Protection Agency Method 311 (testing conducted in 2013) and none were detected.

<sup>4</sup> There is a broad set of media with very different odor profiles. Some of the media can affect the odor performance of the final print.

<sup>5</sup> The ink cartridge HP Eco-Carton outer carton is 100% recyclable through local cardboard/paper programs. Inner materials including the ink bag are 55% recyclable and can be returned free of charge to the HP Planet Partners program for reprocessing of plastic parts. Zero landfill. For ink bag and printhead take back, visit <http://www.hp.com/recycle> to see how to participate and for HP Planet Partners program availability; program may not be available in your jurisdiction. Where this program is not available, and for other consumables not included in the program, consult your local waste authorities on appropriate disposal.

<sup>6</sup> See <http://www.hp.com/go/mediasolutionslocator>

<sup>7</sup> Most HP large format paper-based printing materials can be recycled through commonly available recycling programs, or according to region-specific practices. Some HP media are eligible for return through the free, convenient HP Large Format Media take-back program. Programs may not exist in your area. See <http://www.HPLFMedia.com/hp/ecosolutions> for details. HP large format printing materials, both unprinted and printed with Original HP Latex Inks, are non-hazardous and safe for disposal. Contact your local waste management authority for local area-specific instructions.

|                |                       |
|----------------|-----------------------|
| Printer        | 2583 x 852 x 1402 mm  |
| Shipping       | 2800 x 1130 x 1270 mm |
| Operating area | 2793 x 2100 mm        |

## Weight

|          |        |
|----------|--------|
| Printer  | 267 kg |
| Shipping | 368 kg |

## What's in the box

HP Latex 700 W Printer, printheads, maintenance cartridge, ink mix containers (x2), printer stand, take-up reel, user maintenance kit, edge holders, quick reference guide, documentation software, power cords, air purgers, 2-in spindle adaptor

## Environmental ranges

|                       |                               |
|-----------------------|-------------------------------|
| Operating temperature | 15 to 30°C                    |
| Operating humidity    | 20 to 80% RH (non-condensing) |

## Acoustics

|                |                                                          |
|----------------|----------------------------------------------------------|
| Sound pressure | 60 dB(A) (operating), 38 dB(A) (idle), <20 dB(A) (sleep) |
| Sound power    | 7.8 B(A) (operating), 5.5 B(A) (idle), <3.5 B(A) (sleep) |

## Power

|              |                                                                                                                                                           |
|--------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Consumption  | 1.5-2.5 kW (5 kW peak) (printing), 95 W (ready)                                                                                                           |
| Requirements | Input voltage (auto ranging) 200-240 V (±10%) two wires and PE; 50/60 Hz (±3 Hz); two power cords; 9 A max printer power cord; 13 A max curing power cord |

## Certification

|                 |                                                                                                                                                                                                             |
|-----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Safety          | IEC 60950-1 +A1+A2 compliant; IEC 62368-1 compliant; USA and Canada (CSA listed); EU (LVD), EN 60950-1 and EN 62368-1 compliant; Russia, Belarus, and Kazakhstan (EAC); China (CCC)                         |

# ECO highlights

- Inks do not use reactive monomer chemistry, are ozone-free, and meet the ZDHC standard<sup>1</sup>
- Can win new business with odorless prints, UL ECOLDG®/UL GREENGUARD Gold Certified ink, and more<sup>2</sup>
- Eco-Carton replaces plastic cartridge with 80% reduction in plastic, achieves 66% CO2e reduction<sup>3</sup>
- Zero landfill—local outer carton recycling, free take-back inner ink bag via HP Planet Partners<sup>4</sup>

Please recycle printing hardware and eligible printing supplies and prints. Find out how at our website: <http://www.hp.com/ecosolutions>

<sup>1</sup> See <http://www.roadmaptozero.com>. Printing with HP Latex Inks avoids the problematic reactive monomers associated with UV printing. Acrylate monomers present in uncured UV inks and UV-gel inks can damage skin.  
<sup>2</sup> There is a broad set of media with very different odor profiles. Some of the media can affect the odor performance of the final print. For certifications, see <http://www.ul.com/EL> and <http://www.ul.com/gg>  
<sup>3</sup> CO2e reduction based on moving from plastic ink cartridge to cardboard HP Eco-Carton ink cartridge, with annual manufacturing savings of 291 tons and transport savings of 8 tons. Equivalent to 1,194,028 km (741,935 miles) driven by an average passenger vehicle or over 38 million smartphones charged.  
<sup>4</sup> The ink cartridge HP Eco-Carton outer carton is 100% recyclable through local cardboard/paper programs. Inner materials including the ink bag are 55% recyclable and can be returned free of charge to the HP Planet Partners program for reprocessing of plastic parts. Zero landfill. For take-back of ink bag/printhead/prints, visit <http://www.hp.com/recycle> to see how to participate and for HP Planet Partners program availability; program may not be available in your jurisdiction.  
<sup>5</sup> Textile Kit Accessory required for long runs of textile and porous textile.  
<sup>6</sup> UL GREENGUARD GOLD Certification to UL 2818 demonstrates that products are certified to UL's GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit <http://www.ul.com/gg> or <http://www.greenguard.org>  
<sup>7</sup> Trademark license code FSC-C115319.  
<sup>8</sup> With HP Latex Inks, prints meet AgBB criteria for health-related evaluation of VOC emissions. See <http://umweltbundesamt.de/en/topics/health/commissions-working-groups/committee-for-health-related-evaluation-of-building>  
<sup>9</sup> This product does not contain substances listed as SVHC (155) per Annex XIV of the EU REACH directive published as of June 16, 2014 in concentrations exceeding 0.1%. To determine the status of SVHC in HP products, see the HP REACH Declaration published at [HP Printing Products and Consumable Supplies](http://www.hp.com/ecosolutions).
