REACH YOUR AMBITION

Giving Shape to Ideas

QUALITY AT SPEED AND SCALE

At a time of changing customer needs, growing competition and a rapidly transforming technology landscape, profitable growth requires automation, reliability and efficiency to raise standards while increasing output. You can trust Konica Minolta's new flagship production print machines to streamline your operations and boost productivity, empowering you to expand your service offer and conquer new markets with confidence and creativity.

The new AccurioPress C12010/S and C14010/S are built with advanced new technologies and a 5th colour option for white printing, setting the standard in high-volume print environments. All supported by a global team of specialists dedicated to helping you achieve your business goals.

Automated Processes

AccurioPress features proprietary technology that automates many of the time-consuming manual tasks that slow down the production cycle. With reduced setup times, less errors and fewer interruptions, jobs are completed faster and more accurately while operators are freed up to focus on the skilled creative work that delivers most value to your customers and your business.

Efficient Operation

Reductions in energy and resource consumption deliver big savings over the life of your investment, enabled by Konica Minolta's holistic sustainability-first approach. Further efficiencies delivered by inline integration, automated media detection and intelligent quality optimization save time and money by minimizing downtime and waste while keeping you on track to deliver on tight deadlines.

Reliable Performance

Your ability to deliver flawless quality, faultless colour reproduction and dependable delivery times is what sets you apart from your competitors. Our ability to support you, every step of the way, is what sets us apart from ours. Our machines are built for heavy-duty use around the clock, with remote monitoring and diagnostics to ensure maximum uptime, so you can continue to meet your customers' most exacting demands, day after day.

Trusted Support

Beyond machine installation and maintenance, we bring a wealth of technical and commercial expertise to support you in pursuit of your business goals. With over twenty years of innovating at the forefront of production print, our team of expert consultants is uniquely qualified to help you identify new revenue opportunities, optimize your production flows and solve your business challenges.

BUILT FOR BUSINESS

The new AccurioPress C12010/S and C14010/S are designed to meet the needs of commercial-scale print shops and in-plant facilities, with an unswerving focus on delivering additional value to your business.

The ability to deliver **quality, accuracy and consistency** on deadline is vital to building the customer loyalty on which your business growth depends.

Reduced energy and resource consumption, and less waste, will save money and enhance your environmental credentials among all stakeholders.

Streamlined workflows and automated processes make both people and machines more productive and increase job satisfaction for you and your employees.

By adding **new capabilities** and optional 5th colour printing with C12010S and C14010S models, you can expand your service offering, opening up **new markets and revenue opportunities** to fuel future growth.

Robust, heavy-duty build and responsive maintenance and repair services mean less downtime, less disruption and fewer deadlines missed.

OPTIMISED FOR GROWTH

Supported by Konica Minolta's global team of technical and commercial experts, the new AccurioPress C12010/S and C14010/S feature a suite of new and upgraded technologies to deliver these business benefits and help you to reach your ambition.

New Intelligent Media Sensor (IM-104/IM-105) automatically detects paper size, weight, thickness and surface type, reducing manual set-up time, and relays changes to the engine to adjust duplex registration on the fly for more precise output. The integrated purge tray reduces material waste, increasing productivity and reducing environmental footprint.

New Intelligent Quality Optimizer (IQ-601) automates image registration and colour control in a closed-loop system that constantly monitors and adjusts output. Proofless inspection detects and removes flawed prints without interrupting workflows, streamlining production and eliminating the need for time-consuming manual checks.

Improved colour engine increases reliability and delivers high-quality output, even in demanding environments, with 5th colour option enabling printing in white.

Innovative **Simitri® V toner** system delivers consistently outstanding print quality and both gloss and offset matte finishes on the widest range of materials, with lower fusing temperature to reduce energy consumption.

Konica Minolta's advanced colour processing technology – **Screen-Enhancing Active Digital Process (S.E.A.D. X)** – ensures accurate colour management at high speed, efficiently maintaining consistent quality with minimal disruption to ensure customer expectations can be met or exceeded – every time.

Vacuum paper feeding for formats up to 900mm length ensures smooth paper handling throughout the system. An optional heating unit is available for offset preprinted and coated stock and high humidity environments.

A TRUSTED PARTNER

At Konica Minolta, we understand that we only succeed when you do. Accordingly, we approach customer relationships as partnerships in growth, delivering ongoing value by solving your problems, building your confidence, and providing expert guidance and ongoing assistance to maximize the value of every job you undertake.

From pre-sales to onboarding to troubleshooting, our technical specialists offer accessible expertise to help you gain maximum business value from your investments.

And beyond the machine, we offer a wealth of industry knowledge and commercial experience to help you optimise workflows and identify new revenue streams.

REDEFINING WHAT'S POSSIBLE IN PRODUCTION PRINT

WHAT'S NEW, IMPROVED AND UPDATED IN THE AccurioPress RANGE

INTELLIGENT AUTOMATION

- ◆ New Intelligent Media Sensor (IM-104/IM-105)
- ◆ Automatically detects paper characteristics before printing
- ◆ Integrated purge tray
- ◆ New Intelligent Quality Optimizer (IQ-601)
- ◆ Detection and inspection on the fly

LEAN EFFICIENCY

- ◆ Automated engine linearization
- ◆ Automated duplex registration
- ◆ Real-time adjustments

HIGH PERFORMANCE

AccurioPress C14010/S

- ◆ Duty Cycle 2.5 million prints
- ◆ Up to 140 A4 pages per minute
- ◆ Up to 80 A3 pages per minute
- ◆ 5-colour 'S' version for printing in white

AccurioPress C12010/S

- ◆ Duty Cycle 2.2 million prints
- ◆ Up to 120 A4 pages per minute
- ◆ Up to 69 A3 pages per minute
- ◆ 5-colour 'S' version for printing in white

HEAVY DUTY RELIABILITY

- ◆ Long-life platform, long-lasting parts and consumables
- ◆ Accurate front to back registration
- ◆ Fusing-rolling mechanism
- ◆ Remote monitoring and diagnostics
- ◆ Responsive maintenance and repair

PERFECT IMAGE QUALITY

- ◆ S.E.A.D. X Image Processing
- ◆ 2,400 x 3,600 equiv. dpi x 8bit
- ◆ Advanced colour reproduction at high speed
- ◆ Image density control
- ◆ White printing with C14010S and C12010S

SUSTAINABLE BY DESIGN

- ◆ Purge Tray Integration
- ◆ Simitri® V Toner offering gloss and matte finishes
- ◆ Lower fusing temperature

INLINE FINISHING

- ◆ 50-sheet booklet making with front trimming and optional creasing, slitting and spine corner forming
- ◆ 100-sheet stapling with cutting mechanism
- ◆ 102-sheet auto ring binding

HIGH-END PRINT CONTROL

- ◆ Flexible choice of controller technology: EFI®, CREO® or proprietary Konica Minolta controller
- ◆ Integration into hybrid workflows

SOPHISTICATED MEDIA HANDLING

- ◆ Advanced media recognition and purging
- ◆ Vacuum feeding technology
- ◆ Up to 14,140 sheets paper input capacity
- ◆ Up to 10 paper input trays
- ◆ Up to 2,300 sheets paper input for long sheets (up to 900 mm)

EASE OF USE

- ◆ Simple paper catalogue settings
- ◆ Operator replaceable parts
- ◆ Auto Inspection Technology
- ◆ Automated colour calibration, profile and validation
- ◆ Intelligent Colour Control
